# DUKES 92 AFTERNOON TEA

## TEAS

From Tea Pigs

### **Everyday Brew**

A top quality take on the ultimate British favourite. Three delicious teas: a gutsy Assam, a mellow Ceylon and a powerful Rwandan to give a balanced, malty, zesty alliance.

### **Early Grey Strong**

Powerful Assam and Rwandan teas with the more delicate Ceylon and Darjeeling to give the perfect strong tea base for the zesty, all-natural bergamot flavouring.

### **Green Tea with Mint**

A delicate Chun Mee green tea known as 'precious eyebrows' blended with peppermint leaves.

### **Super Fruit**

This naturally caffeine-free herbal infusion is pretty much bursting with berries with an invigorating hibiscus flower base, giving it a lovely deep red hue and a punchy, slightly tart taste.

### **Lemon & Ginger**

An all-natural infusion of refreshing lemon with a ginger kick.

### **Peppermint**

The freshest, mintiest peppermint tea you'll try thanks to using big, whole peppermint leaves for big flavour.

### **Chamomile**

Whole chamomile flowers make this tea so sweet and nothing like a regular chamomile.
